damages and
improves your
logistic
performance

SUSTAINABLE

Unique round plastic
packaging made of
100% recyclable
material

THINKING INSIDE THE BOX

PREMIUM QUALITY

In the last 10 years, Fremax has been chosen by "Mitsubishi Motors Brasil" to be the OEM supplier for Discs and Drums.

READY
TO GO

SAVE TIME AND MONEY

Faster do assemble because wash up is not necessary -
excellent friction rate from the beginning.

IMPROVING PRODUCT LIFETIME

It integrates a higher percentage of carbon into the rotor,
producing a better performance and durability

FREMAX DISCS ARE MADE OF SEVERAL
CAST IRON ALLOY WITH HIGHER CARBON
CONTENT

- Optimal thermal conductivity
- Help to prevent brake judder
- Avoid braking noise due to better damping
- Higher resistance to distortion and thermal cracking
- Improved braking safety and performance

BLACK PAINTED HUB

Exclusive painting that increases durability and reduces corrosion

BLACK PAINTED HUB

The Fremax Painted Disc is available to our entire range. it ensures maximum protection against corrosion even under high temperatures

BETTER TOGETHER

Ideal brake pads for drivers who demand the best from their brakes, and are even more effective if used in conjunction with the appropriate FREMAX discs.

- ECE R90 Approval
- Positive moulding process
- Scorching process - No Break-in Required
- Consistent friction material density
- Backing plates are precision cut
- Supplied with Shims and Bolts (when it required by the application)
- Effective stoping power from the first braking onwards

HIGH QUALITY
AS CORE VALUE

OVER 1.500 PART NUMBERS

We guarantee the best coverage for passenger and light commercial vehicles

INFORMATION IS STRATEGY

Our full product range is available at TecDoc, MAM and electronic catalogue at our website. Besides that we offer to you a rich marketing material to boost your sales.
